- 9. BRIEF DESCRIPTION OF THE PROJECT OR IDEA:**

Most youngsters at the age of 16 have no idea what career to follow. This project will give three one-month distinct work experiences in order for the individual to determine which field he/she has to continue on.

In what is to become along term agreement with local authorities, workshops with experts in certain fields will be carried out with the youngsters on the completion of their secondary education to see which 3 work experiences are to be carried out. This project is going to be carried out using online applications and monitoring and requires expert mentors, psychologists, website technicians for all the process to work fluently and cooperation and communication with experts and youngsters to be fluent.

The 'graduates' of this project will be then directed to the names of the big companies and enterprises that are sponsoring this placement / training.
